Dear Dr. Maldonado:

I just got back from Europe and therefore have not had a chance before to acknowledge your very thoughtful wire which arrived just before I left Caracas. Your greetings were much appreciated and I was only sorry not to be able to visit the plant at Valencia with you.

Things seem to be going very well and I should like to say that from our point of view the association with you and the other producers is a most happy one. I look forward to the continued development and expansion of this relationship. With best wishes,

Sincerely,

Nelson A. Rockefeller
